

- Experienced Full Stack Developer with 2 years in front-end technologies (HTML, CSS, JavaScript, Bootstrap, ReactJS) and proficiency in Node.js, Next.js, MySQL, and MongoDB. Completed an Eight months Node.js and ReactJS boot camp with The Newton School. Eager to contribute expertise to dynamic projects, deliver innovative solutions, and enhance user experiences in a growth-oriented environment.

EXPERIENCE

Front-end developer

[link](#)

Loratis SetMyCareer

- Led end-to-end front-end development for Loratis SetMyCareer, proficiently utilising HTML, CSS, JavaScript, jQuery, Bootstrap, and integrating advanced technologies like React.js, React Router DOM, Redux, Redux Toolkit, and PrimeReact. Successfully resolved bugs, enhancing dashboard stability. Additionally, we developed dynamic landing pages, engaging event pages, and efficient referral interfaces. Employed Figma for design tasks, ensuring a cohesive and visually appealing user interface.
- Applied technical expertise in maintaining the SQL Server, collaborating with FileZilla, and Windows Server for efficient database management.
- Proactively managed server tasks, ensuring data integrity and optimal performance. Demonstrated versatility in front-end development and server administration, enhancing Loratis SetMyCareer's digital platform.

Web design engineer

Calpion Software Technology Pvt. Ltd.

- Implemented best practices in HTML, CSS, and JavaScript to optimize web page performance, resulting in an improved user experience and garnering positive feedback from both clients and stakeholders.
- Successfully collaborated with cross-functional teams, translating design concepts into functional and user-friendly interfaces, contributing to the enhancement of various web projects.

SKILLS

Front-End	HTML HTML5 CSS CSS3 JavaScript Bootstrap SCSS (Sass) Bootstrap JavaScript React JS Next JS Single Page Applications (SPAs) React Router React Hooks Redux.
Backend	Node.js MySQL MongoDB NPM/YARN (Package Management) REST API (Representational State Transfer).
Other Skills	AWS Figma (Design) Windows Server (Administration) FileZilla (FTP Client) Azure-DevOps.

PROJECTS

Netflix-app,

[link](#) | [github](#)

- Engineered a sophisticated Netflix movie application, employing Next.js 13 for a robust and interactive user experience. Implemented a secure user authentication system using NextAuth, ensuring personalized login credentials.
- I designed an aesthetically pleasing and responsive user interface using Tailwind CSS, emphasizing visual finesse and adaptability. Strategically limit login accounts to a maximum of four, optimizing user engagement on the login page.
- Integrated TMDB API seamlessly to fetch dynamic movie details and trailers, enhancing the app's content richness. Managed MongoDB connectivity for secure and efficient storage of user data, prioritizing real-time client-server synchronization and database integrity.

KBC-Quiz Application,

[link](#) | [github](#)

- Developed an engaging quiz application using React.js, incorporating dynamic question rendering and answer evaluation. Implemented an intuitive user interface with CSS to create a visually appealing and responsive design. Enabled users to log in and play the quiz, presenting them with a series of questions and dynamically adjusting the prize value for each correct answer.
- Achieved an immersive atmosphere by incorporating KBC background music on correct responses, enhancing user engagement, and capturing the essence of the popular quiz show.

EDUCATION

Bachelor of Technology:- Giani Zail Singh Campus College of Engineering and Technology, GPA: 8.0/10.0

2016 - 2020

Intermediate of science, PCM :- B.S.E.B. Patna, GPA: 7.3/10.00

2014 — 2016

ACHIEVEMENTS

- End-to-end development of Loratis SetMyCareer's front-end architecture.
- Recipient of the Employee of the Month award twice at Calpion Software Pvt Ltd, showcasing the consistent dedication, outstanding contributions, and a commitment to excellence in driving positive impact within the team and organization.
- Delivered high-quality code on schedule, meeting project milestones and earning recognition for its pivotal role in the project's success.
