Experience

Techryde pvt Ltd /2022 - 2023(Full-time)

Role Description-

- Collaborated with cross-functional teams to define test methodologies and develop comprehensive test plans for projects.
- Detailed test cases and test scripts were developed based on the project requirements and functional specifications.
- Create manual and automated test cases, identify software bugs, and ensure correct fixes in the next release.
- Documented and reported defects, tracked their status, and worked closely with developers to ensure timely remediation.
- A regression test was conducted to show that new features and bug fixes did not negatively impact existing performance.
- Assisted in performance testing to evaluate system performance, stability and flexibility.
- Maintained accurate and up-to-date test documentation including test cases, test results and test schedule.
- Collaborated with cross-functional teams to understand requirements and provided valuable input on design and usability from a testing perspective.

Skills

- Software Testing Methodologies
- Manual Testing
- Defect Tracking
- Regression Testing
- Performance Testing
- Test Documentation
- Problem-Solving
- STLC
- Sprint planning
- Agile

Projects

Built basic web applications like calculator, Quiz app and Weather app as i have a profound Knowledge in HTML,CSS,Javascript.
